

# Carlos Lorenzana

**Pink ball pundits, Morris Franco, Angel Marquez, and Al Apuzzi, all called Carlos one of the best pink-ball singles players of his time and for at least ten years.**

His name often appeared on the Peak Pyramid Charts, indicating that he was among the ten top pink ball players of the 1980's. In 1985 he rose to the number one position on two occasions. He was also as high as third. In August of 1987 he, again, was third on the chart.
