

Joe Agosto (NGM)

Joe Agosto was an outstanding masters player for more than 25 years beginning approximately in 1990.

Lightning fast reflexes, developed after he turned forty, enabled him to play extremely close to the wall, and for a man small in stature, he packed considerable power. Like a baseball pitcher with five different pitches, Joe had an assortment of shots from which to choose. An Agosto opponent never knew what Agosto was going to offer. His unusual skills enabled him to continue playing among much younger competition. Holding far more than ten National 1-Wall Masters Championships, Joe was a USHA National Grandmaster.
