

Mike Demetriou

Coming to tournament handball as a masters player did not make Mike Demetriou less of a player. From his first appearance in National competition in 1984 until 2001, Mike won five masters titles.

In '84, partnered with Mike Dikman, he championed in the National Open 1-Wall Indoor Doubles. Dikman, a National Grandmaster, called Demetriou "one of the finest players I have ever seen, barring none." Mike was quick on his feet, very agile, exceptionally smart. It was very difficult to score a point on him, and his own percentage of point-making shots was very high.
