

# Artie Diamant

**Artie was a strong contender in National single and doubles play during the late 1960's and throughout the '70's.**

But it wasn't until he became a masters player that championships came his way. In 2000 and 2001 he won the USHA National Golden Master Doubles, and in 2012 and 2013 he took first place in the USHA Super Masters Singles. Artie retained good defense and solid high, hard drives into his 60's.
